

Email#4 – Let's Showcase Tomorrow
05/05/05 - 9 am

Dear Participants,

This will be the last pre-show email to you.

Hope you have completed your posters by now (or at least almost done). My office (SCI 248) will open today from now until 5 pm for supplies and board pick-up. Printing large, 1 piece poster can be arranged through the Biology's SEO office. Please contact me ASAP.

I will be "moving" my office **early Friday 5/6 morning to GYM 100** (so don't go to SCI 248 to look for me). We will be setting up GYM 100 from as early as 8 am. Poster boards and supplies will be available. **Come by and set up your station anytime before 1 pm.** ("Nelson" posters, we will set them up for you as agreed upon). From 1-2:50 pm, you may hang around and check out other posters (your friendly competition :-)) or leave the premise. Please be at **GYM 100 by 2:50 pm** to get ready for the competition. Snacks and water bottles will be available outside of GYM 100.

Please **MEMORIZE** your **entry number**. All info can be found at www.sfsu.edu/~science/SPS.html

President Corrigan, many members of his cabinet, deans, chairs and administrators might be stopping by to check us out. Alumni and friends have been invited to come back to SFSU for an evening.

LET'S SHOWCASE!!!

Have fun and Good luck to all of you.

Lannie
