

Historical Impacted Major Selection Information

The following information may serve as a guideline for Fall 2017 applicants to gauge minimum required GPAs and other requirements for impacted major admission at SF State University. All applicants who would like to be considered for admission to an impacted major have to meet the admission requirement to the University (CSU Eligibility) as well as the requirements specified by their major. The following cumulative GPA thresholds were used as a part of the selection process for the major programs for the fall of 2016. Please note, GPA thresholds change each admission cycle.

Major	Fall 2016 GPA Thresholds and Additional Major Selection Criteria
Apparel Design and Merchandizing	2.5 GPA or greater + supplemental admission requirements as stated on supplemental application
Biology (all concentrations)	2.0 GPA or greater
