Mount St. Mary's College (Los Angeles): *Friday March 4, 2005*

### OVERVIEW

An Opportunity to Reflect and Dialogue with Each Other:

One of the most important components of service-learning is reflection. Over the past decade we have witnessed an increase in the number of service-learning and civic engagement conferences, which provide great venues for professional development, sharing best practices, and networking with others, but offer limited opportunities for focused reflection and dialogue about our work. Often, only one person leads and coordinates the service-learning, civic engagement or community service experiences on a campus and thus lacks colleagues with whom he or she can dialogue about this work. California Campus Compact (CACC) recognizes the importance of coming together to reflect on our work and provide support to each other and has created this forum as a space to do just that.

Crafting a Vision for California Campus Compact:

CACC strives to be a leader in the field, offering resources to our member campuses and providing opportunities for professional development, meeting with administrators on our member campuses to help garner additional support for service learning, civic engagement, and community service programs, and raising funds to pass through as grant funding to our member campuses. Because CACC is a membership organization, we seek input and advice from our members and the field so that our work remains relevant and cutting edge. We wish to draw on your experience and knowledge and solicit your feedback to assist us in shaping our future direction.

*Sponsored in part by the Corporation for National and  
Community Service, Learn & Serve America, Grant No.  
03LHHCA004*

## Forum Agenda

9:30 a.m. Introduction/ Facilitated Dialogue and Reflection

A recognized leader in service-learning will facilitate a reflective dialogue on Service-Learning and Civic Engagement: How are they different? What is the connection between the two? What is the national conversation about these terms? What is working for you on your campus?

11:30 a.m. - 1:00 p.m. Networking Lunch (provided)

1:00 p.m. - 3:00 p.m. Shaping a vision for the future

CACC staff will facilitate a reflective dialogue on where the service-learning/civic engagement field needs to go in California and the specific role that CACC can play. We invite members and non-members to provide input and direction for the future of CACC.
