**If mailed, application must be received by the deadline. Send to:**  
ID Admissions, Consumer & Family Studies/Dietetics Department, Burk Hall 329  
San Francisco State University, 1600 Holloway Avenue. San Francisco, CA 94132-4161

## Qualifying Design Project (Fall 2009)

**CONTENTS:** Project drawings should be mounted on matboard and submitted in a protective carry case with name and contact information on the outside. Using the floor plan below, create a set of hand-drafted design drawings.

- Maintain the footprint size and room types (i.e. bedroom or bathroom), but reconfigure interior space by changing location of interior walls, fireplace, windows, and/or fixtures. Not all spaces must be reconfigured.
- Each item must include a drawing title with scale (if applicable) below it and your name on the back of each board.

Include the following:

1. Dimensioned Floor Plan with furniture layout in 1/4" scale
2. A Lighting Plan and Legend on a separate board also in 1/4" scale
3. 4 Interior Elevations of one room, drawn at 1/2" scale
4. One color-rendered one-point or two-point perspective drawing of any room design. This must be rendered by hand, not computer-generated.

**ASSESSMENT:** Projects will be evaluated by SFSU Interior Design faculty. Passes in all of the following four areas are needed for an overall Pass on the qualifying design project.

1. Accuracy of drawings
2. Quality of hand drafting and space planning
3. Quality of end design and color use
4. Quality of color rendering
5. Overall presentation of labeled project boards
