

Parking on Campus

Because the PGA President's Cup Golf Tournament is being held across the street this year and coinciding with the conference, please be aware that parking on campus will be extremely limited. We suggest taking public transportation as an alternative to on-campus parking.

If you choose to drive and park at SF State:

The main parking desk is on State Drive, off of Lake Merced Blvd.

Driving directions to the parking deck are found here.

http://www.sfsu.edu/~parking/directions/main_campus/car.html

Because of the golf tournament, security officers are stopping every car, asking drivers to state their business. Say that you are attending the conference on campus and they'll let you proceed.

After you have paid for your parking, proceed to the top level of the parking deck and cross the pedestrian bridge. Walk past the Student Services building, then walk up the steps and across the small landscaped area surrounded by benches. Walk between the College of Ethnic Studies (on your left) and Burk Hall (on your right), and up the steps to the Cesar Chavez Student Center. Come to the registration tables on the top floor.
