- **Pre-Assessment Material:**
  After an assessment has been scheduled, the following information should be mailed to the IAC at least 5 weeks before the assessment:
  1) Copies of the latest twelve months of electric and gas bills
  2) Copies of the latest twelve months water and sewer bills.
  3) A sketch of the plant layout and directions to plant.

  Industrial waste bills can be mailed to the IAC prior to the assessment. Otherwise, they can be provided to the IAC on the day of the assessment.

- **Post-Audit:**
  After an audit is conducted, will company agree to use of its name in connection with publication of IAC “Success Stories” **Yes**---------- **No**----------

  (Note: In order to protect proprietary information, clients will be given an opportunity to review all data associated with the plant, prior to publication.)

- **Please send or fax this sheet to the IAC so that an assessment can be scheduled.**
