Are you interested in playing softball? If so, please join us!

Sponsored by the Office of International Programs (OIP), our "Softball Series" provides both international and U.S. students with an opportunity to have some fun, get some great exercise, enjoy the beautiful weather and fresh air, and to make new friends from all over the world! We usually get together to play a few fun games of softball twice each month (every other Saturday afternoon at 3:00pm).

Everyone is welcome to join the fun...international and U.S. students (both male and female) as well as individuals at the beginning, intermediate or advanced levels of play. You are also encouraged to bring your friends & roommates (they don't even have to be students at SFSU)!

So, don't be shy! Please join us if your schedule permits!

For more information, please contact the Office of International Programs via telephone at 415/338-1121 or via e-mail at [ward@sfsu.edu](mailto:ward@sfsu.edu)
