REGISTRATION REQUIREMENTS
HTTPS://WWW.SFSU.EDU/~SICC/ORGANIZATIONREGISTRATION.HTML.#REQUIREMENTS

• The following is a list of all requirements that must be met in order for an organization to obtain University recognition:
  o Complete the steps to register via OrgSync – these steps are available at http://www.sfsu.edu/~sicc/organizationregistration.html
  o Membership: all organizations must have a minimum of 5 S.F. State students. One of these must be a president and another must be a financial officer/treasurer. The other 3 students can be general members and/or additional officers decided upon by the organization. The president must specify the 4 other organization members on the organization's OrgSync registration page.
  o GPA and unit load: all labeled officers must have a minimum 2.0 cumulative S.F. State GPA (SF State specific classes/grades) and be enrolled in a minimum of 6 units for undergraduate students or 3 units for graduate students.
  o Advisor: each organization must have an advisor that is a current S.F. State employee. The advisor creates their own OrgSync account, completes their personal registration form received via email, and joins the respective organization(s) portal as necessary.
  o Constitution/bylaws: all student organizations must keep their most recent constitution and/or bylaws on file with SAE in electronic format (uploaded via the OrgSync registration form/profile). In addition, all constitutions and/or bylaws must meet the requirements outlined in the constitution guideline section of the website, audited upon registration.
  o Roster: a separate Excel template is hosted in your OrgSync portal (for existing clubs) under the “files” menu option. A new organization will need the roster template sent to them after the new club meeting; completed version is uploaded to the registration form/profile.
  o The president and financial officer/treasurer (sports clubs add VP and a safety officer) must attend a Student Leader Orientation session. In addition, any members/officers wishing to conduct business on behalf of the organization (reserve space on campus, get a tabling permit, complete an event application, etc.) must also attend a Student Leader Orientation session. Students only have to attend one of these sessions once during their time at S.F. State.
  o Leadership Symposium: each organization must send at least one representative to the annual Leadership Symposium held in September. It is recommended that the president and financial officer attend, but any officer or member can attend to meet the requirement. Please note: this is an annual event held at the beginning of the fall semester and is an annual requirement that each student organization seeking University recognition be represented at the Symposium.
  o Greek Summit: every Greek life member must attend the annual Greek Summit in September EVERY year for the organization to be approved through the registration audit.
THE RE-REGISTRATION PROCESS

• Registration is an academic yearly process: Every Fall semester, it begins in July and closes at the end of September. (deadline is September 30th)

• The President SHOULD be the person who re-registers a group by clicking on the link analogous to the one below…
THE RE-REGISTRATION PROCESS

• Subsequent Officer/Member agreement forms sent via email after president hits the “finish” button. All 6 must be completed before the audit of the registration request begins.

• IF APPLICABLE, President, Financial Officer/Treasurer, and Advisor must complete the “Student Organization Patelco Account Authorization Update Form” (or UCorp). This form can be found in the Files module of every OrgSync portal. *For student organizations that have received an exemption from the banking policy and do not bank at Patelco (via SAE), an exemption request must be submitted for annual review in lieu of the Student Organization Patelco/UCorp Account Authorization Update Form.*

• **UCorp banking process.**

• Registration from previous academic year remains current until the Fall deadline of the following academic year or until the organization re-submits registration materials

• Instructions for registering using OrgSync are available at http://www.sfsu.edu/~sicc/organizationregistration.html#process

• Once approved, president must inform SAE of any changes in membership, officers, advisor and constitution

• **SPACE is reserved by venues on campus, EVENTS are approved by SAE**
ACCESSIBILITY REQUIREMENTS

• All programs and services provided by recognized student organizations are required to be accessible to people with disabilities. Recognized student organizations need to communicate/work with potential students with disabilities on how to request reasonable accommodations so that they may have equal access.

• It’s best for each student group to identify a member who will be the point of contact for making inquiries about the accessibility of a given meeting, event, activity, etc.

• The group member identified does not need to know how to address each and every inquiry independently. Their role is to follow up on the inquiry in a timely manner and consult with an appropriate resource. Possibly an SAE staff member, but likely the Disability Programs and Resource Center (DPRC). I.E., the location of accessible bathrooms, OR request for sign language interpreting. In that case they group member should be in touch with the DPRC.

• Student groups need to include a disability statement on all communications announcing a meeting or other event. These communications need to include an accessibility statement like the following:
  
  o If you need reasonable accommodations for this event, please contact [“person” in your organization at 415-xxx-xxxx or “person”@mail.sfsu.edu] by [date-15 working days before event]"
ACCESSIBILITY REQUIREMENTS

• An example of a request that *the identified group member could handle independently* might be to provide electronic copies of presentation materials. Most of these formats are commonly used by all students regardless of disability status.

• An example of a request that the identified group member would likely *need to consult an appropriate resource* would be a request for sign language, Braille, large print or captioned media (e.g. VHS tapes, DVDs, laserdiscs, podcasts, etc.) Requests for presentation materials in an accessible format such as electronic copies of presentation materials (stored on CD, flash drive or emailed in advance), Braille, or large print (18 pt. font) or captioned media need to be appropriately addressed. **Allow at least two weeks advanced notice to generate Braille or large print materials, and captioned media.** Feel free to consult with the DPRC at 415.338.2472 on what to do about making your materials accessible to participants with disabilities.

• For any group or organization event, please ensure that your event is accessible by contacting “The Disability Programs and Resource Center” to consult with them on how to inspect your site for adequate physical access such as ramps, wheelchair accessible bathrooms, podia, etc. before you book the facility.

• Staff in the DPRC are available for consultation on providing access to people with disabilities. Contact them at x8-2472 or dprc@sfsu.edu.
