Through the SFSU Office of International Programs, a limited number of SFSU Scholarships for Overseas Study are available to students from San Francisco State University who are accepted to The California State University's International Programs or a SFSU Campus-Wide Bilateral Exchange Program. Some criteria for these scholarships are:

1. Acceptance to either the CSU International Programs or SFSU Bilateral Exchange Program for a year program.
2. Successful completion of the first term of study abroad, money dispersed in spring 2009.
3. Financial need.
4. Demonstration of ability to contribute to SFSU efforts on campus to promote international education upon return from overseas.
5. Submission of a mid-year report while abroad, possibly for publication in the SFSU newsletter THE BRIDGE.

There will be a limited number of scholarships of no less than \$200, depending on fund-raising efforts throughout the preceding academic year. These will be disbursed at the beginning of the second term of overseas study in U.S. dollar amounts, or at the end of the first term after reception of the student report.

Final notification of award recipients will be contingent on confirmed selection to the program of choice.
