

Sustainable SF STATE

please visit: <http://sfsu.edu/~sustain>
for more information

Fuel Cell Complex: With PG&E's help, waste heat will be used to heat buildings and to reduce SF State's greenhouse gas emissions.

Rainwater Harvesting: from rooftops and paved areas, our landscape uses 150,000 gallons of diverted stormwater. Check out our 12,000 gallon water tank system behind the parking garage.

Bike Barn: Stash your bike, skate board or scooter. **Open:** Mon-Thurs 7:30am-10pm And Friday 7:30am-5pm
For More Information: <http://sfbike.org/download/map.pdf>

Habitat Gardens: The Campus maintains gardens with over 150 species of native plants that provide food, forage, and habitat for bees, butterflies, and birds.

Mary Park Hall Community Garden: Students can grow plants on a cooperative plot. Organic food grown straight from your backyard. For More Information: <http://sfsu.edu/~sustain/takeaction.html>

ECO-Students Club: Get involved with our like-minded Environmentally Concerned Students! Meet Tuesdays 4-5 and Wednesdays 3-4 pm in the HSS building, room 377.

BART Shuttle: Free shuttle available to Daly City BART during Fall/Spring semesters every 15 minutes from 7am-10pm, Monday-Friday.
For More Information: <https://sfsu.edu/~parking/text/shuttle.html>

Farmer's Market: Shop for local, fresh food and produce every Thursday from 10am-3pm.
For More Information: http://asi.sfsu.edu/asi/farmer_market/

Zip Car: 24/7 self-service access to vehicles 365 days a year. For more information and to sign up, visit: www.zipcar.com/sfsu/

Recycling and Compost: Green compost bins & blue recycle bins are available throughout the student center. Help SF State exceed its 71% diversion from landfill rate.
