# Using the New Internet Computer (NIC)

The New Internet Computer (NIC) allows teachers to integrate Internet activities in the K-12 classroom. To learn how to start and to use the NIC, follow the steps below.

| 1. If the NIC is not on, press the Power Switch (see picture below). | 2. Determine an Internet-based activity for you and your students, such as:  
• Perform Internet research  
• Take an online quiz  
• Engage in a Webquest  
• Read online materials  
• Collaborate with others |

<tbody>
<tr>
<td><img src="image" alt="NIC Diagram" /></td>
<td></td>
</tr>
</tbody>
</table>
| 3. In the URL window, type the URL (web address) for the activity.  
• To visit Think.com, click the “logon” button under the Think.com logo |  |
