It is preferred that letters come from individuals who have observed and collaborated with you in a professional or educational setting. Additionally, it is recommended that the letters be written by people who can comment on your experiences with people with disabilities and/or in an educational setting. It is also appropriate to have recommendations from those who can speak to your academic ability and potential for success in a graduate-level program. **ADDITIONAL SPECIAL EDUCATION PROGRAM REQUIREMENTS – CREDENTIAL APPLICANTS ONLY**

10. **EARLY FIELD EXPERIENCE**: Candidates must demonstrate that they have fulfilled a minimum requirement of 45 hours of Early Field Experience prior to applying to an Education Specialist Program. This Early Field Experience requirement must be met by volunteer or work experience in a K-12 grade classroom with a California Credentialled Teacher or a documented field experience deemed equivalent. The Early Field Experience must represent your program choice and be in the kind of environment that matches the credential you are seeking.

    It is recommended that one of the two required letters of recommendation be written by someone who supervised the Early Field Experience. A form is included in the application that needs to be signed by this person.

    Agencies that can assist you in finding field experience locations are the San Francisco School Volunteers/San Francisco Education Fund (www.sfedfund.org), Pacifica School Volunteers with opportunities for pre-school, kindergarten and first grade, (www.pacificasd.org/curriculum/pacifica/Volunteers/index.htm), or the SFSU Community Involvement Center (http://cic.sfsu.edu). You may also call your local school district for more options. You can find a more extensive list here: http://coe.sfsu.edu/cstpc/cstpc_/downloads/Agencies-Serving-School-Volunteers.pdf

    *Orientation and Mobility Program applicants are exempt from having field experience in a school setting prior to applying. However, having related experience is still highly desirable.

11. **SUBJECT MATTER COMPETENCY**: The Commission on Teacher Credentialing requires that Education Specialist candidates prove they possess a body of appropriate knowledge that reflects California State Standards. Education Specialist Credential candidates have a choice of subject areas; they can choose multiple subjects competency or single subject competency. Those who have already met subject matter competency as a prerequisite to earning another California teaching credential do not have to repeat this requirement if they can provide a copy of a valid credential.

    For credential purposes, competency in either multiple subjects or any single subject is acceptable. Employers may require competency in a particular subject area for certain positions. For example, if employed at an elementary school, your employer may require multiple subjects competency through testing.

    **Early Childhood Special Education and Orientation and Mobility applicants are exempt from this requirement**

    A. Multiple Subjects Competency

Applicants for an Education Specialist Credential should fulfill a minimum requirement of 45 hours of field experience prior to entrance into an Education Specialist Credential Program.

The classroom teacher who has observed you in his/her classroom as a volunteer or as a paid aide is in the best position to give us this information. Others who might be in position to assess your potential based on your classroom experience could be the principal of the school or another district administrator.

SFSU permits a variety of options in meeting this requirement. Below, please indicate which option you have met (must match the credential program for which you are applying.) For Intern applicants: Due to new state regulations it is recommended that you complete this 45 contact hours in a classroom that has some students who are English Language learners.

1. Completion of 45 hours paid experience as a teacher aide or teacher assistant the majority of which time has been direct contact with students.
2. Completion of 45 hours as a classroom teacher either in a public school with an emergency credential, as a substitute teacher, or in a private school.
3. Completion of 45 hours working with students as a volunteer in a special education classroom with a credentialed teacher.
4. Completion of 45 hours working with students as a volunteer in a general education classroom that also included students with special education designation with a credentialed teacher.
5. I have completed the following activity that is equivalent to above activities. Attach a description of this activity and verification of completion.

The Early Field Experience is an important part of your application because it verifies that you have first hand experience in a special education classroom setting. All of our credential courses are based on your first hand experience and preliminary understandings of, or exposure to, the teaching/learning process in a special education classroom.
